**SUBJECT: STC/PMA DATA PACKAGE UPDATE FOR BOEING 727/737 REPLACEMENT OF ACOUSTICAL PANES AND WINDOW SHADES.**

**REFERENCES: A. Magee PMA Supplement No. 10, Amendment 1, Dated 1999 JAN 08.**  
**B. Magee STC SA2534SO, Amended 1998 DEC 28.**

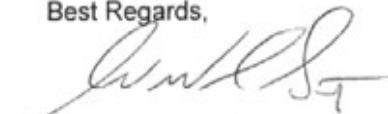

Dear Mr. Pulera:

Magee Plastics Company is submitting an updated data package for the subject STC/PMA. The update is required because of numerous minor changes to the individual drawings in the data package. The parts are used on older generation 727 and 737 airplanes. The Magee Master Drawing List, MDL-122-30021 has been revised to Revision A, Dated 2005 JAN 21 to reflect the minor changes to the lower level drawings. Attached are the updated MDL and all of the Magee drawings listed in the MDL. No changes or updates are required for the Magee flammability test report, MFR-122-30021 and the Magee certification report, MCR-122-30021 called out in the MDL. However, copies of each report have been included in this data package for your convenience.

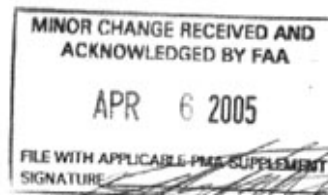

We request your review and acceptance of the enclosed data being submitted in support of this STC/PMA update for the minor changes.

Thank you for your assistance. If you have any questions, or need any additional information, please advise.

Best Regards,

Charles W. C. Story  
Vice President - Engineering

Enclosures One (1) copies of the entire data package including the revised Magee Drawings and test reports

Dear Mr. Story:

Enclosed is the corrected PMA Supplement 10, Amendment 1. Per your telephone conversation with Margaret Duncan of our office this morning, we inadvertently failed to change the supplement number and date on the supplement page itself, after copying the format from another document. The supplement now reflects the correct number (10, Amendment 1) and date, January 8, 1999. Please return the incorrect supplement to us.

Thank you for calling this to our attention. We hope it has not caused you any inconvenience.

Sincerely,

Stacy L. Ratliff  
Manager

Mr. Charles W.C. Story  
Director - Engineering & Quality Assurance  
Magee Plastics Company  
303 Brush Creek Road  
Warrendale, PA 15086-7597

Dear Mr. Story:

**FEDERAL AVIATION ADMINISTRATION - PARTS MANUFACTURER APPROVAL**

In accordance with the provisions of Federal Aviation Regulation (FAR) Part 21, Subpart K, the FAA has found that the design data, submitted by Magee Plastics Company by letter on January 4, 1999 meets the airworthiness requirements of the FARs applicable to the product(s) on which the part(s) are to be installed. Additionally, it has been determined that Magee Plastics Company has established the fabrication inspection system required by FAR 21.303(h) at 303 Brush Creek Road, Warrendale, PA. Accordingly, a Parts Manufacturer Approval is hereby granted for production of the replacement parts listed in the enclosed Supplement No. 10, Amendment 1, in conformity with the applicable Federal Aviation Administration (FAA) approved design data.

You are reminded that the provisions of the FARs noted in our PMA letter of January 30, 1989, Supplement No. 10 also apply to the enclosed PMA listing, Supplement Number 10, Amendment 1.

Sincerely,

  
For Stacy L. Ratliff  
Manager
