Mr. Chuck Story  
Vice President – Engineering and Quality Assurance  
Magee Plastics Company  
303 Brush Creek Road  
Warrendale, PA 15086

FEDERAL AVIATION ADMINISTRATION – PARTS MANUFACTURER  
APPROVAL

Dear Mr. Story:

In accordance with provisions of Title 14, Code of Federal Regulations (14 CFR), part 21, Certification Procedures for Products, Articles, and Parts, subpart K, the FAA has found that the design data based on Supplemental Type Certificate #ST01291NY amended December 6, 2007 along with your letter dated June 15, 2016 meet the airworthiness requirements of the regulations applicable to the products on which the articles are to be installed. Additionally, the FAA has determined that Magee Plastics Company has established the quality system required by § 21.307 at 303 Brush Creek Road, Warrendale, Pennsylvania 15086. Accordingly, Parts Manufacturer Approval (PMA) is hereby granted for production of the replacement articles listed in the enclosed Supplement No. 40, Amendment # 6.

You are reminded that the provisions of 14 CFR parts 21 and 45, noted in our PMA letter of approval dated, May 2, 2013 also apply to the enclosed PMA Listing-Supplement No. 40, Amendment # 6. The enclosed supplement should be retained with the original PMA letter as evidence of approval to produce the articles concerned.

Sincerely,

*for*   
Stacy L. Ratliff  
Manager

Enclosure:  
PMA Listing-Supplement No. 40, A6

Cc: AIR-112

--------------	----------------	--	--	-------------------------	-----------------------------

Note: The procedures that have been accepted by the type certificate or TSO authorization holder and its cognizant FAA Aircraft Certification Office, for minor changes to original articles used on type-certificated products, are also acceptable for incorporating the same minor changes on identical PMA replacement articles. The PMA holder must be able to show traceability relating to the TC, STC, or TSO authorization holder on all minor changes incorporated by this procedure. When these procedures are no longer applicable because of completion of the production contract, or termination of the licensing agreement or business relationship, all subsequent minor design changes to the PMA articles must be submitted in a manner as determined by the ACO. Major design changes (reference 14 CFR §§21.319 and 21.619) to drawings and specifications are to be handled in the same manner as that for an original PMA.
