**SUBJECT: PMA DATA PACKAGE UPDATE FOR BOEING B757 AND B767 FLIGHT DECK
SUNVISORS**

REFERENCES: Magee PMA Supplement No. 46, Dated 1997 APR 18.

Dear Mr. Pulera:

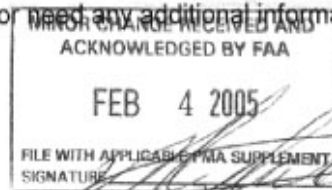

Magee Plastics Company is submitting an updated data package for the subject Parts Manufacturing Approval (PMA). This update is necessary to reflect a minor change to lower level drawings. The minor change to the data was made on two lower level detail part drawings to allow both sheet and bar stock 2024-T351 aluminum. These sun visors are for installation on both the B757 and B767 airplanes. The Magee Master Drawing List, MDL-141-11004 has been revised to Revision A, Dated 2005 JAN 18 to reflect the minor changes to the lower level drawings. Attached are the updated MDL and all of the Magee drawings listed in the MDL.

We request your review and acceptance of the enclosed data being submitted in support of this PMA amendment. Attached is a draft copy of the amendment for your review and approval. If any changes are necessary, I will send an electronic copy of the supplement in MS Word to the ACO engineer assigned to this project.

Thank you for your assistance. If you have any questions, or need any additional information, please advise.

Best Regards,

Charles W. C. Story
Vice President - Engineering

Dear Mr. Story:

FEDERAL AVIATION ADMINISTRATION - PARTS MANUFACTURER APPROVAL

In accordance with the provisions of Federal Aviation Regulation (FAR) 14 CFR Part 21, Subpart K, the FAA has found that the design data based on test and computation meets the airworthiness requirements of the FARs applicable to the product(s) on which the part(s) are to be installed, as evidenced by the New York Aircraft Certification Office memo indicating satisfactory review dated February 20, 2002. Additionally, it has been determined that Magee Plastics Company has established the fabrication inspection system required by 14 CFR 21.303(h) at 303 Brush Creek Road, Warrendale, PA. Accordingly, a Parts Manufacturer Approval is hereby granted for production of the replacement parts listed in the enclosed Supplement No. 46, in conformity with the applicable Federal Aviation Administration (FAA) approved design data.

You are reminded that the provisions of the FARs noted in our PMA letter of January 30, 1989, Supplement No. 10 also apply to the enclosed PMA listing, Supplement Number 46.

Sincerely,

A handwritten signature in black ink, appearing to read "Stacy L. Ratliff".
