Dear Mr. Story:

Subject: Amendment to Supplemental Type Certificate (STC) ST01291NY

This is in reference to your letter dated June 14, 2005, requesting the issuance of an amended Supplemental Type Certificate (STC) ST01291NY to add two new sidewall panels on Boeing 737-300, -400, -500 and 757-200 Series aircraft.

We have completed our evaluation of your STC project, FAA Project Number SA5043NY-T, and find that you have satisfactorily demonstrated compliance with the applicable certification regulations. Accordingly, we have enclosed STC ST01291NY, amended August 4, 2005, approving this installation.

A copy of the STC and required documents should accompany the installation. Also, your attention is directed to the limitations and conditions specified in the STC, and to the attached copy of "Information Concerning Your Responsibility As Holder Of A Supplemental Type Certificate."

All fabrication and manufacturing should be in accordance with the data listed in Magee Master Drawing List MDL-121-11623, Revision F, dated August 2, 2005.

If you should have any questions related to the above information, please contact Mr. Leung Lee at (516) 228-7309.
