PROPRIETARY STATEMENT: This document and all information herein is the property of Magee Plastics Company and are confidential and must not be made public or copied. This document is loaned subject to return upon demand and is not to be used directly or indirectly in any way detrimental to our interests.

“Magee Plastics Company (MPC) supports the measures taken to restrict “conflict minerals” as defined by the U.S. Dodd-Frank Wall Street Reform and Consumer Act and is compliant with the reporting obligations as legislated by this Act. MPC understands the importance of this issue and is committed to the pursuit of responsible procurement practices and has no intention of, neither directly nor indirectly, abetting the human rights violations identified in the Democratic Republic of Congo (the “DRC”) and adjoining countries.

Magee Plastics Company does not purchase raw ores or virgin metals nor does it utilize “conflict minerals,” defined as gold, tantalum, tungsten, tin, cobalt and copper, derived from ores mined in either the DRC or certain bordering countries.

Magee Plastics Company will utilize commercially reasonable efforts to enhance its supplier audit to verify the source of raw materials which are incorporated into its purchases and metal components and seek sources which can assure that conflict metals are not incorporated into its purchased products.”
